## TWO KILLED, FIVE HURT IN WEEK-END MOTOR ACCIDENTS

Stephen Wiggins South Langhorne; Abraham Bishop, Philadelphia, Die

### PHILADELPHIANS HURT

Mr. and Mrs. Charles Otis, Bolton Farm, in Havre-de-Grace Hospital

Two deaths and injuries to five were the result of week-end automobile accidents occurring in Lower Bucks County or in which residents of this section were involved.

The dead:  
Abraham Pike Bishop, 43, of 1445 Stevens street, Frankford.  
Stephen Wiggins, 58, South Langhorne.

The injured:  
Mrs. John Gardner, Philadelphia, suffering from shock and brush burns.  
John Kollar, 54, of 1608 Phillips street, Philadelphia, deep cut on top of head, five inches in length, possible fracture of the skull.

Mr. and Mrs. Charles Otis, Bolton Farm, Emilie.

James Carter, 2941 Frankford avenue, Philadelphia.

The accident in which Bishop was killed occurred near the Oakford Road, Bensalem Township, yesterday morning at 8.30. With him at the time were Mr. and Mrs. Gardner, who reside near Bishop in Philadelphia. The trio was occupying a roadster owned by Thomas Garlick, 2934 East Venango street, Philadelphia.

Officers have not been able to determine definitely yet who was driving the machine, and according to Garlick the car was not used with his consent.

It is believed by the officials that the machine skidded, went into a deep ditch and turned "turtle," pinning the three beneath. A wrecker was required to raise the car before the trio could be extricated. Bishop was dead when reached, and Mrs. Gardner was removed to Harriman Hospital for treatment.

Gardner was held under \$2,000 bail. The case was investigated by Officers Diehm and Hand, of the South Langhorne barracks, State Highway Patrol.

Bishop, who is survived by his wife and three children, resided with his sister, Mrs. Reba Bowers, Philadelphia.

Wiggins was killed when struck while crossing the Lincoln Highway near Bellevue avenue, South Langhorne, Saturday evening, at 10.30.

The machine, a truck, was operated by Max Randsberg, Newark, N. J. Wiggins was taken to the office of Dr. Noe, Langhorne, and pronounced dead upon arrival. Wiggins, who is single, is survived by a sister and two brothers. One of the brothers, William C. Wiggins, resides in Bristol Township. The deceased resided at the home of Charles Balderson, South Langhorne. It is believed that he was struck when he became confused by headlights of passing cars. Wiggins has been acting as janitor at the South Langhorne Fire Company station.

The funeral will be held tomorrow at two o'clock from the Horner funeral home, Langhorne, with the Rev. William Heist, pastor of South Langhorne Lutheran Church, officiating. Interment will be made in the Friends Burial Ground, Buckingham.

Randsberg was held under \$2,000 bail. Officers from South Langhorne barracks, of the highway patrol, were called in the case.

Kollar was found by passing motorists as he lay along the roadway at Station avenue, Cornwells Heights, last evening at seven o'clock. He was

## BRISTOL'S CIVIC, INDUSTRIAL AND ECONOMIC GROWTH ATTRIBUTED TO ADMINISTRATIVE ACHIEVEMENTS

BOROUGH'S MODERN SEWAGE AND DISPOSAL SYSTEM IS AUTHORITATIVELY RECOGNIZED AS A GREAT SANITARY ACHIEVEMENT WITH FEW COMPEERS

### FIRE EQUIPMENT RANKS WITH BEST IN THE LAND

[This is the last of a series of articles showing the great industrial, civic and economic growth of Bristol, as the result of the high standards maintained in the administration of the local government, under Republican auspices.]

Bristol beyond a doubt stands at the forefront in comparison with other boroughs of its size in Pennsylvania in sanitary sewage and disposal system. This great sanitary achievement, the construction of which was undertaken by the borough in 1911, is another attribute to the good health and comfort of Bristol's citizens, has the approval of the State Department of Health. This system embraces two classes of sewage. One designated as town waste or that arising in kitchen sinks and toilet bowls. And the other trade waste, or that created at industrial plants. The town waste is run by gravity through house service sewers to a collecting well situated at the lower end of the borough. It is then lifted by pumps into a sewage disposal plant. This plant comprises Imhoff tanks and settling beds which dispose of the deliterious matter in the sewage, and the purified refuse is then turned into the river. There are 25 miles of sewers. The rain water is carried off in storm sewers. It is understood that practically all of the industries located in Bristol have trade waste treatment plants of their own. The borough system takes care of all trade waste that has first been treated at the plant of origin. All trade waste is piped out underground. The replacement value of Bristol's sanitary sewage and disposal system is \$467,000, and the sewer charges are met through a bond tax which makes the cost to the people much lower than in many other communities.

That Bristol's municipal equipments and services rank with the best in the land is another self-evident recommendation to the splendid efficiency, integrity and painstaking care of those whom the citizens have elected from time to time to administer for them their public affairs. And the same high standards as already reflected in this report as to finances, filter system, sewage disposal, etc., are maintained both in the personnel and equipment of the Bristol Fire Department. In case of fire, Bristol has 308 fire hydrants (this figure includes the 100 fire hydrants in the township). And 3,000 gallons of water are available for fire fighting a minute. The water is delivered at a standard pressure of 70 pounds per square inch in mains ranging from 16 inches down to 4 inches. In case of an emergency river water can be pumped through the mains.

## ST. ANN'S CHURCH IS SCENE OF TWO WEDDINGS

Miss Anna DiTulio Becomes Bride of John Leo, Saturday Afternoon

### GIAGNACOVA - DE MOIA

Miss Anna DiTulio, daughter of Mr. and Mrs. Louis DiTulio, 8 Beaver Dam Road, and John Leo, son of Mr. and Mrs. N. Leo, Brooklyn, N. Y., were united in marriage at 2.30 Saturday afternoon at St. Ann's Church. The rite was performed by the Rev. Marcelino Romagnolo, pastor of the parish.

The bridesmaid was Miss Anna Manzo, fifth avenue, and the best man was Joseph Inzio, Bristol. Miss Frances Tamburello, organist, played the wedding marches. Little John Antonelli, Bristol, acted as ring bearer. The bride's costume was of bridal satin, appliqued with lace. The neckline was shaped in a V-front and made round, back, with a stand-up collar of lace. The sleeves puffed to the elbows and had long, tight cuffs to the wrists. The skirt swirled into a long train. The veil of tulle was worn coronet fashion, with a cluster of orange blossoms on either side, and had a short drop veil over the face. Her

## CORNWELLS MISS IS WED TO BRISTOL RESIDENT

### TO TOUR NEW ENGLAND

CORNWELLS HEIGHTS, Oct. 28.—A wedding ceremony at Eddington Presbyterian Church, Saturday afternoon at four, united Miss Frances Elizabeth Simons, daughter of Mrs. F. A. Simons, Hulmeville Road and Kings avenue, and Melvin Reese Yeagle, son of Mr. and Mrs. William P. Yeagle, 547 Locust street, Bristol.

The officiating clergymen were the Rev. E. Ray Simons, Philadelphia, uncle of the bride, assisted by the Rev. Arthur D. Sargis, pastor of Eddington Presbyterian Church.

The former Miss Simons had as her attendants: Miss Dorothy Lippincott, Cornwells Heights, who served as maid of honor; and the Misses Helen K. Keaton, Andalusia, a cousin of the groom, and Helene Simons, Philadelphia, a cousin of the bride, as bridesmaids. The flower girl was Georgamary White, Cornwells Heights, a cousin of the bride.

Serving as groomsmen was Harold Yeagle, Bristol, brother of the groom; and the ushers included Raymond Varney and Raymond Vickers, Philadelphia. The bride was given in marriage by her uncle, George W. Andrew, Philadelphia.

Mrs. James B. Andrew, Philadelphia, a cousin of the bride, presided at the organ; and vocalists were Mrs. Walter Kirk, Andalusia, and William Heebner, Philadelphia. Mrs. Kirk's selection was "Because God Made You Mine," and Mr. Heebner sang "I Love You Truly."

A large company witnessed the ceremony in the edifice which had been decorated with palms and ferns. The gown worn by the bride was of white chiffon velvet, form-fitting and ending in a train. With it was worn a velvet jacket of matching material, pleated, the jacket being banded at the waist, neck and wrists. The full veil of net was held in place by

Republican Candidate  
For Re-Election To  
BRISTOL BOROUGH COUNCIL

Clarence Willard Winter, candidate for re-election to Borough Council from the first ward, is a native of Bristol having been born here November 19, 1892, a son of Anna and the late Philip Winter. Mr. Winter was educated in the Bristol public schools and then entered the employ of the Bell Telephone Company here when he was 17 years of age and became very proficient in switchboard work, remaining with the company for four years. In 1912 he embarked in the automobile business, adding electric refrigerators in 1922 and he has continued handling both automobiles and electric refrigerators along with oil burners and a general line of electrical appliances up to the present time.

Mr. Winter has been a director of the Farmers National Bank of Bucks County since January 8, 1924, and up until the time he was elected a member of Borough Council in 1927, served as superintendent of the borough fire alarm system, having succeeded the late Frank Chambers in 1912. He serves as chairman of the Finance and Public Property Committee and also of the Police Committee of Borough Council, and as such is in constant touch with borough activities and its finances. Part of Mr. Winter's duties as chairman of the Finance Committee is the arranging of the Borough budget in connection with the chairman of the various other committees, and the allocation of the various sums of money to be spent for the maintenance and upkeep of the borough as a whole.

Few men, locally at least, have a greater love for adventure than Mr. Winter. He was one of the first in Bristol to own a motorcycle which he purchased in 1906. He was also among the first to own an automobile and was a pioneer as an aviator graduating at the Essington School of Aviation, August 15, 1921. He used to thrill Bristolians as he zoomed over the borough in his own plane. He quit flying, however, in the Spring of 1925.

Yachting is another hobby of Councilman Winter and he owns a fine cabin yacht upon which he spends much of his time during the yachting season. His love of mechanics is responsible, perhaps, for much of his interest in the playthings of a mechanical nature.

Mr. Winter is a member of Bristol Lodge No. 970, B. P. O. E., Bucks Lodge No. 1169, L. O. O. M., Pennsylvania State Firemen's Association; Anchor Yacht Club, Mill street Business Men's Association, Bristol Fish and Game Protective Association, the Bristol Consolidated Fire Company and the Bristol Exchange Club. He is a member of the Bristol Presbyterian Church.

In the primary the Republican voters of the first ward put their stamp of approval upon his four years of service by nominating him for another term, and he is thus a candidate for re-election on the Republican ticket in the election on Tuesday, November 5th.

## ANNUAL INSTITUTE OF COUNTY UNIONS HELD

W. C. T. U. Members, Totaling 100, Gather at Forest Grove Church

### HAVE TWO SESSIONS

WRIGHTSTOWN, Oct. 28.—The 19th annual Institute of Bucks County W. C. T. U., comprising 20 local unions, was held in Forest Grove Presbyterian Church, Saturday, Wrightstown being the hostess union. The 100 in attendance enjoyed a very interesting program.

The morning session at 9.45 was opened with greetings by the county president, Mrs. Lucy A. Harper, Yardley. After singing "America, the Beautiful," and salute to the flag, Miss Emily I. Packer in the devotional service, brought out the marvelous power of refining fire on metal. A bar of iron worth \$5, tempered for horse shoes, increases its value to \$10. For needles it becomes worth \$300; for penknives, \$3,200; for the finest watch springs, \$250,000. Applicable in a spiritual sense to the refinement possible to a human soul!

The address of welcome was by Mrs. Jennie Worthington, of Wrightstown; the response by Mrs. Helen J. Cornell, president of Churchville union. Mrs. Marian Ely, of Solebury, publicity director for the county, urged the importance of presenting propaganda in every way possible—through newspapers, literature, radio, motion pictures, window displays—especially "Dr. Wise—the Little Salesman," with his convincing smile.

A very full and interesting report of the recent State Convention at Butler, was given by Miss Marie Watson, who was a delegate from Bristol. Mrs. Susan Canby, of Hulmeville, also a delegate, was unable to be present, owing to illness in her family. Miss Packer offered the neontide prayer and conducted the memorial service for members deceased during the year. Bristol's loss was Miss Annie Hay.

The afternoon session was opened by Miss Carver, with a prayer and praise service. Mrs. Catharine Maull, director of non-alcoholic fruit products, urged the importance of serving these delicious beverages to counteract the lure of those containing alcohol. Miss Anna Heritage, motion pictures, stressed the need of clean.

## QUAKERTOWN ELECTRIC LIGHT PLANT VERITABLE ALLADIN'S LAMP; IS A GREAT BOON TO THE TOWN

Earnings Keep Taxes Down — Le Roy A. Hillegas, Republican Nominee for Recorder of Deeds, Fathered Project

QUAKERTOWN, Oct. 28.—What is regarded as an unique economical exploit in the annals of the borough financing was disclosed here yesterday when it was announced by the borough treasurer that the municipal owned electric light plant had invested the sum of \$25,000 of its surplus earnings in U. S. Government bonds as a special fund to be drawn against solely for emergencies purposes for the plant itself. As the Borough Council comprises 9 Republican and 3 Democrat members it is locally conceded that the creation of this fund is but another example of the high type of economical service and foresight by the Republican controlled borough governing body.

The borough treasurer's books show that under Republican management the electric light and power plant has become a veritable Aladdin's Lamp. For out of its earnings, thus without any increase in taxes, there has been installed a "White Way" street lighting system for Quakertown at a cost of \$65,000. Also out of its earnings the

STARTS ACTION ALLEGING LIBEL AND SLANDER IN STATEMENTS MADE AT DEMOCRATIC RALLY HELD IN DOYLESTOWN OCTOBER 22ND — KRIEBEL ISSUES STATEMENT

(Special to Courier)

DOYLESTOWN, Oct. 28.—Action was taken today, according to records in the Prothonotary's office here, by Abram S. Kriebel, against Webster S. Achey.

The action, it is alleged, is the outgrowth of statements said to have been made by Achey at a Democratic political meeting held here October 22nd.

The records in the prothonotary's office, this morning show that Kriebel today brought an action for libel and slander against Achey. The case is listed as No. 14, and is scheduled for the December term, this year.

Kriebel's statement is as follows:

Answering the reckless and unwarranted attack made for political purposes by Webster S. Achey, chairman of the Democratic County Committee, at the Doylestown meeting held at the Armory, Doylestown, October 22nd, I emphatically deny all charges he made against me affecting my honesty and integrity in the management of the Bucks County Home.

I have not embezzled any money, padded any payrolls or committed any dishonest act during my administration as steward at the home. Neither has there been any rotten meat or spoiled fish served to the inmates, as alleged by him, during my entire stewardship.

### CONFIDENCE

Successful progress needs a destination that is worth while and worth seeking after. Confidence in such a goal is the mainspring of ambition, and without it work is barren and good intention is wasted. If zeal for a final goal be linked to some clear vision of it, our labors are full of hope and our progress keeps pace with our growth and strength.

The instinct of humanity has insisted through the ages that this life has for its end and purpose a fuller, richer and more truly human life of eternal and joyful service. Confidence in this destination has upborne men and women, and also whole peoples and races, through toil and anxiety that would otherwise have led inevitably to black despair and bitter sense of injustice.

We have learned to fight back at misfortune, to deny the autocracy of unhappiness and to work hopefully for freedom of the body and spirit of man. Yet we have not escaped the necessity for an eternal fact to justify the labors, hazards and riddles of life. These challenge and attack us from within as once cruelty and injustice beset us from without.

Knowledge alone does not satisfy our spirits; we still seek for meaning and design in the complex pattern of which we are a part. Without some firm faith and confidence in a purpose to life we are still in the shadow of tragedy—the tragedy of finding our labors and ideals a mockery and our life itself a jest.

### NIMROD'S DAY AT HAND

It is a tradition of the hunting field that game birds and animals seem to become more and more wary each day with the approach of the shooting season, as if they actually recognize the time soon will be at hand when they will not be protected by law.

Reports have it game is plentiful and that despite the increase in trespass signs on property there will be room for the gunners who must depend largely upon the tolerance of land owners who do not post their acres.

In the eagerness for game two paramount considerations should be borne in mind throughout the season. One is the exercise of constant care to avoid shooting accidents; the other is respect for the property of others. A clean slate along these lines will mean a happier hunting season for everybody.

Our kick against human nature is it isn't always human.

## ECHOES OF THE PAST

By Courier Staff Member

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol, April 23, 1874. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

Last Friday night, several dollars worth of flowers were stolen from Adolph DeRoche garden, on Radcliffe street. On the same night a large iron globe was taken from the gate of Cyrus Peirce, several pounds of iron from the fence of Mrs. Keim; and Terry's truck wagon upset and damaged. These small depredations are very annoying to property holders, and some measures should be taken to protect our citizens from having their property destroyed and carried off by petty thieves.

The Hathoro "Spirit" is now published from its new and handsome office, recently erected by the enterprising editor, Dr. Robinson. A large Cottrell and Babcock press, to be run by horse power, has been purchased and set up in running order.

Hannah A. Martindale, who died suddenly of apoplexy at Philadelphia, last Tuesday afternoon, while attending the First-day School Conference, was the daughter of Martha Kirk of this place, and the wife of Isaac C. Martindale, formerly of Hyberry, and now cashier of the State National Bank at Camden.

A little son of Halsey Vanartsdalen of Northampton, on Sunday week went out by the side of a straw-stack to smoke a "whalebone cigar." The promptness of the mother in trying to extinguish the flames were unavailing, and now Halsey has one stack less.

The post office business at Bristol has increased so much that twenty additional boxes have been made to supply the wants of the people.

The Yardleyville Lodge of Good Templars presented a petition in the senate, remonstrating against a repeal of the local Option Law.

Jesse G. Webster has purchased the stone house at the corner of Hulme and Main streets, in Hulmeville, of George W. Hill, of Philadelphia.

Five dollars per one thousand cubic feet of gas is the price at Doylestown.

The ladies of Newportville will give a Mush and Milk entertainment at Union Hall, on Saturday, the 25th instant.

DAVISVILLE—Miss Flora Young, of Johnaville, recently a pupil of the Millersville State Normal School, has

been elected teacher of the Readingville School, in Southampton township.

General John Davis, of this place, is laying a handsome sidewalk for the convenience of the public along the corner property in Davisville, and as if not supported by the other property holders, will have the same continued the entire length of the street, being his contribution this Spring to the welfare of the neighborhood.

HATBORO—It is believed that the cars which are now running to Hatboro daily, will in a short time be run as far as the Street Road, which will be a great advantage, especially to farmers in this vicinity, who have their produce conveyed to Philadelphia by means of this line. Improvements seem to follow the course of a railroad, and almost everywhere along the route some new business has been established. In a few years those who were sojourners in this vicinity in times gone by will fall to recognize it.

On last Thursday the committee appointed by each of the counties composing the Seventh Congressional District—Montgomery and that portion of Bucks not included in the Tenth District, met at the Bingham House. The following persons were present:—Bucks—John H. Woodington, Edward Minister, B. F. Gilkeson, Robert M. Yardley, A. S. Cadwallader, Montgomery—James W. Schrack, John T. Comly, George N. Corson, M. R. Willis. Mr. Schrack was called to preside. A resolution was adopted to the effect that the candidates for Congress in the Seventh District shall be nominated by a joint convention composed of 42 delegates from Bucks and 47 from Montgomery.

A meeting of the citizens of Attleboro', Hulmeville, and Bristol, was held at Hulmeville on Saturday, April 18th, 1874, for the purpose of taking into consideration the construction of a railroad from Bristol to Attleboro'. William Kinsey was appointed chairman, and E. G. Harrison, secretary. The object of the meeting being stated, the secretary laid before it a communication from reliable parties who offer to build and complete the road ready for the rolling stock, provided the sum of \$50,000 in cash would be guaranteed and the right of way secured and they be allowed to bond the road for the balance it would cost to complete it.

### Mrs. William H. Winslow Dies at Age of 72

Mrs. Rebecca Jane Winslow, widow of William H. Winslow, of 1238 Radcliffe street, died at the residence of her daughter, Mrs. Walter Molden, Bath Road, Saturday, at 11 a. m., following a two weeks' period when she was confined to bed by illness. Mrs. Winslow was taken ill while visiting at the Molden home. Death was due to complications.

Born in Chester County 72 years ago, she had spent most of her life in this borough. In addition to her daughter, there are three sons surviving, William, with whom she made her home, Joseph and Richard, all of Bristol borough.

The late Mrs. Winslow was a member of Beistol M. E. Church, and also of the Women's Bible Class of the Methodist Sunday School.

The Rev. Norman L. Davidson, pastor of Bristol M. E. Church, will officiate at the funeral service Wednesday at 2 p. m., at the Winslow home. Burial will be made in Bristol Cemetery under direction of George Molden. Friends may call Tuesday evening.

wholesome, educational pictures since the lure of the movies has such a

strong influence upon children.

An L. T. L. sketch, "You Can't Fool Us," was presented, in which the children cleverly answered the enticements of "Mr. Alcohol" and "Mr. Brewer." Yardley W. C. T. U. also presented a sketch illustrating "A good name is rather to be chosen than great riches," featuring a fine young athlete refusing the offer of \$1,000 for the use of his name in a cigarette advertisement. Vocal solos by Mrs. Benjamin Buckman of Wrightstown, and Miss Dorothy Roberts of Penns Park were much enjoyed. County voted to invest \$5 in "Peace Bonds" issued by "Peaceways," whose slogan is "Buy Peace Bonds now, rather than War Bonds later." Miss Longshore asked for a car from each union to join the great Peace Parade in Philadelphia, November 9th. She will furnish stickers. Mrs. Ella M. Tomlinson, Wrightstown, and Mrs. Anna Windle, Fallsington, gave interesting accounts of the National Convention at Atlantic City in September.

taken into the Cornwells Heights Fire Co. station, and then removed to Harpman Hospital in the ambulance of Bucks County Rescue Squad. He was in an unconscious condition, and found to be suffering from a deep cut on top of his head. Shortly after admittance to the institution, he regained consciousness, and was able to give his name and address. Before he could tell what had caused the injury, he lapsed into an unconscious state again.

It is thought the man was the victim of a hit-and-run motorist. Kollar is of Polish extraction.

The Emilie couple, Mr. and Mrs. Otis, were injured Friday morning at Belair, Md., and were taken to a hospital in Havre de Grace for treatment. Mr. Otis sustained a broken nose, and Mrs. Otis suffered injuries to her back, and cuts on her right hand. The former may leave the hospital today, and Mrs. Otis is expected to be discharged within a few days.

The accident is said to have occurred after Mr. Otis returned to the highway, after making a wrong turn onto a side road. Shortly after regaining the correct route he struck a truck which was travelling in the same direction. The Otis machine, a roadster, was greatly damaged. The two were in an unconscious condition for about 15 minutes, and were first taken to a nearby house, later being removed to the hospital. Mrs. Otis was the former Sarah Moon, daughter of Mr. and Mrs. Charles Henry Moon, of Woodbourne.

James Carter was found yesterday morning at 10 o'clock, wandering near the spot where he was believed to have been struck by an automobile. He was taken to the Frankford Hospital, where he is said to be suffering from possible fracture of the skull and possible concussion of the brain.

South Langhorne highway patrolmen investigated. The accident is believed to have occurred shortly after midnight.

flowers were of bridal roses and valley lilies.

Miss Manzo was garbed in turquoise blue-toned heavy silk crepe. The frock featured a V-neck, high waist and a brief train. A short sleeveless jacket of the material, ending in a flounce and having a ruffled collar, was worn with this. Her hat was of peach-toned lace outlined with a band of pleated matching silk and trimmed with a short face veil of blue tulle. She wore peach-toned sandals and long peach-hued silk lace gloves and carried peach colored flowers.

A reception was held at the home of the bride's parents, following the ceremony. Mr. and Mrs. Leo later left

And, in addition, water from the industrial supply tanks at the Grundy, Leedom and Steel mills can be readily fed into the fire mains. As a matter of fact no fire can make any headway in Bristol for lack of water, because it is almost surrounded by river, creeks and mill pond.

The Consolidated Fire Company's equipment is all practically new and is the best that money can buy. It comprises one 1,000-gallon pumper, one 700-gallon pumper with a 500-gallon pump on the ladder truck. Also there are two combination hose and chemical engines. Except when an alarm comes from the business section or from the mill district, one pumper and one chemical engine remain at the fire station to answer any call while the other fire apparatus is out. An up-to-date Gamewell fire alarm telegraph system extends throughout the greater part of the district. The Borough appropriated \$5,500 to meet the expenses of the company this year. As a means of reducing the fire hazard their exists a definite plan of co-operation between the Department of Public Safety and the Fire Department. Periodic inspection of property is made, and when hazardous conditions are found, property owners affected are instructed as to how they can make their homes and buildings safer. Included in the fire company's equipment is a mile of hose, a monitor and deluge set, gas masks, siamese connections, cellar nozzles, etc.

Bristol is a very orderly community. The records of the Police Department show that very little crime occurs within its peaceful borders. There were only 146 arrests made for the year ending December 31, 1934. While a majority of these were for minor offenses the disposition of the cases shows the

for Brooklyn, N. Y., where another reception was held. The young couple has taken up residence in Brooklyn, N. Y.

At three o'clock, Saturday afternoon, in St. Ann's R. C. Church, the marriage of Miss Nancy De Moia, the daughter of Mr. and Mrs. Rocco De Moia, and Albert Giagnacova, son of Angelo Giagnacova, 310 Brook street, occurred. Father Marcellini Romagno, pastor, performed the ceremony, and Miss Frances Tamburello presided at the organ. Mrs. Anthony Russo sang "I Love You Truly" and "Oh Promise Me."

Miss Pat De Moia, sister of Mrs. Giagnacova, was the bridesmaid, and Dominick Giagnacova, brother of the groom, served as best man.

The bride wore a strikingly simple gown of bridal satin, made on long, slim bias-cut lines with the skirt flaring below the knees and ending in a long train. The neck line, front, was square, and a band of the pleated satin formed an up-standing collar in back. The sleeves were long and tight fitting and ended in points on the wrists. A row of satin covered molds ran down the back of the waist from the neck to the waist line. Her veil was of tulle, edged with wide lace; was worn very long and cascaded from a lace turban, which was outlined with pleated satin. A cluster of orange blossoms on either side further enhanced the head dress. A drop veil over the face, reaching to the knees, in front, was also part of the veil arrangement. Mrs. Giagnacova's flowers were lilies.

The bridesmaid wore a very simply made frock of poudre-blue toned velvet, silhouette fashioned and was of floor length. A round cowl neck-line, balloon-shaped sleeves reaching to the elbows, and trimmed with rows of corded velvet were features of the gown. With this, she wore a turban of Helen pink hue outlined with rosettes of the velvet and having a drop veil of pink tulle worn over the eyes, pink sandals and long, pink silk lace mitts. Her flowers were tea roses.

Following the ceremony a reception took place at the home of the groom's father. Mr. and Mrs. Giagnacova are on a honeymoon trip in New York City.

The bride traveled in a black ensemble trimmed with black seal. Her accessories were also black.

Upon their return the young couple will occupy an apartment at 335 Lincoln avenue.

a Queen Ann coronet. The bride carried bridal roses.

Miss Lippincott, the maid of honor, wore a dress of mustard gold chiffon velvet, floor length and form-fitting. A shirred cape reached to the waistline. A brown velvet turban and brown accessories were worn, and the young woman carried bronze chrysanthemums. The bridesmaids were gownned similarly, the dresses being of brown chiffon velvet, the turbans of a golden hue, and accessories of brown. Gold-toned chrysanthemums formed the bouquets. The dress of the flower girl was of green organdie over gold taffeta, and accessories of brown. On her hair she wore a ribbon of golden tone; and she carried a basket of gold and brown pom-pom chrysanthemums. The dress of this small attendant was worn by the bride a number of years ago, when she served as flower girl for the parents of the present flower girl.

Mrs. F. A. Simons, mother of the bride, wore at the ceremony a dress of wistaria velvet, with accessories of black. The mother of the groom wore blue velvet with accessories of a matching shade. Each wore a corsage of gardenias.

The reception at "Sunsycrest," the home of the mother of the bride, was attended by members of the immediate families of the contracting parties, and close friends. Mr. and Mrs. Yeagle left later for a motor tour of the New England States. They will make their home with the bride's mother. Mr. Yeagle is an employee of Fleetwings, Inc., Bristol.

police were on the job as 106 of the cases were held for court. Another indication of the alertness of the police is shown by the fact that while the valuation of property stolen during the year was \$1,953.25, all was recovered by the police with the exception of \$583.75 worth. A good record, that!

Here is a touch of the city beautiful in contrast to the foregoing on the city practical. Not so long ago it was noticed by which the city is noted were in not a few instances ruined by some cause or other, and many more were in great need of pruning and trimming. The commission appropriated \$150 for the purchase of two-year-old saplings to replace the dead trees. It was not long before several public-spirited citizens, together with the city, raised about \$600 more. As a result, all dead trees were removed and saplings planted in their place, old stumps were dug out, and all other trees needing it were trimmed and pruned, the members of the tree commission working without compensation. And this work is typical of the spirit of Bristol and its people.

Before concluding this report it should be noted that Bristol's streets are well maintained, that the business district is finely lighted and clean. All wires in the business district are underground in keeping with the other metropolitan features of the city. Bristol lies on the direct Philadelphia-New York route, and is in close touch with neighboring towns in New Jersey through the Bristol-Burlington bridge. It is fast becoming a mecca for industrial establishment location. Undoubtedly it faces an ever-expanding and promising future. The foundation that makes for a bright and going future for Bristol Borough was laid by the progressive and intelligent administrations year in and year out of its municipal affairs under Republican guidance.

### Quakertown Electric Light Plant Veritable Alladin's Lamp

Continued from Page One

The "White Wy" system consists of 351 steel standards 16 feet high surmounted by large opalescent glass lanterns. In the business streets the lights are 1,000 watt lamps 150 feet apart, staggered so that there is a light every 75 feet apart on opposite sides of the street. In the residential area the lamps are 600 watt. Rates for electricity in Quakertown range from 8 cents a kilowatt down to 3 cents for residential service. And, for power, from 5 cents down to 2½ cents. The rate for house ranges is three cents flat.

Equally proud are the people of Quakertown of their 16 miles of streets, practically all of which have been paved with improved pavements in the last two years. At present Mill street in the business section is being extended one half a mile from Ninth street to Main street. The sewage system, which connects with 1280 dwellings, is extended to all of the streets. And the rates are considered low in comparison with other boroughs of similar size. For instance the rate for a single house is \$3 per annum; church, \$2.50; restaurant, \$6.00; hotel, \$15.00.

In its three public schools Quakertown is educating 1190 pupils with a corps of 43 teachers. The borough is operated on a "pay-as-you-go" basis. According to the latest financial account the total assessed valuation of

real estate is \$2,801,182; occupations, \$654,850. Property exempted from taxation is valued at \$419,000. The water system is privately owned with a spigot of \$22.00 a year to an ordinary dwelling. Hotels are metered.

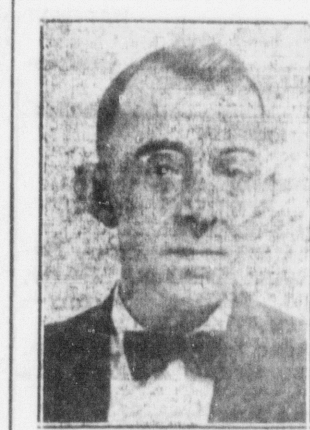

Excellent state and county roads make Quakertown very accessible. The highway from Doylestown to Quakertown traverses prosperous, pleasing agricultural country. Fine roads lead to Riegelsville and to Reading, and the Keystone trail from Allentown to Chestnut Hill passes through a corner of the borough. It would be difficult to find a more attractive, better governed, more progressive community. Quakertown has good reason to be proud of the achievements of its borough council. The progress of the borough reflects the nature of the people. But there has to be leadership. Without leadership nothing worth while could be accomplished. This leadership, public spirited, efficient and capable leadership firmly grounded in Republican principles, has and does exist in Quakertown to the advantage progress of the borough's growth and civic attainments.

It is the second indoor boxing show of the season.

The matches as booked by the promoter, Mickey Giordano, are listed as follows: William Hussie, Chelton Club, and William Desmond, Wharton, Frank Vanucci, St. Ann's, and Joseph O'Neill, West Side; James Generale, East Side, and Frank Rice, Arena; Francesco Frascello, St. Ann's, and John Giordano, Seymour; George Morrow, Chelton Club, and Albert Pierce, Wharton; Thomas Baynard, St. Ann's, and Joseph Shallcross, East Side; James Dorian, Arena, and James Maxwell, East Side; Harry Davis, St. Ann's, and Hull Goodwin, Sigma Theta; William Neal, Wharton, and William Maher, Shackamaxon; Joseph Zettler, unattached, and Anthony Puccio, St. Ann's; Donato Sciarra, St. Ann's, and Tony Saralla, Seymour; Vincent Della, St. Ann's, and Ralph Mazzone, Mason.

The four fight-winning streak of the Bristol Bomber, Harry Davis, will be threatened seriously when he matches with Hull Goodwin, Sigma Theta youngster, who was crowned Middle Atlantic light-heavyweight champion, Tuesday night, in the Golden Glove tournament.

The seating at the Mutual Aid Hall has been re-arranged so that now there will be a total of 500 general admission seats and 450 reserve seats, enough for all those who wish to see action and plenty of it.

The first bout is scheduled for eight-thirty o'clock sharp.

### ST. ANN'S GRIDDERS ADD ANOTHER VICTORY

Working smoothly as a unit and using co-ordinated timing and devastating blocking very effectively, the St. Ann's A. A. gridders added another victory to their list yesterday afternoon on the local gridiron, downing the Tacony Aces, 12-0. It was the second tilt of the week-end for the Purple and Gold, the eleven having dropped a 13-0 game to the Frankford Alumni Saturday.

Coach Dougherty's deceptive plays carried the Bucks County champions to victory over the Aces. Time and time again the Aces were caught flat-footed and both touchdowns were scored without a hand being laid on the runner. The Purple and Gold could not use straight plays because of the weight handicap, the visitors having an extraordinary heavy line.

Twelve first downs were registered by the wearers of the local colors. The visiting aggregation had three, two of which were the result of passes. St. Ann's completed four of the five passes attempted.

Both touchdowns were made by "Punkie" Zeffries, newcomer in the St. Ann's backfield. The first six-point play came after a march from their own twenty-yard line. Five first downs were made in succession and on a fifth, a lateral gained fifteen yards to play the ball on the eighteen yard line. Here Pipo took the ball from center and reversed it to Zeffries who tucked the pigskin under his arm and skirted right end for the first six points. Zeffries missed the try for the extra point.

In the third session, the St. Ann's team counted again. Taking advantage of some good punting by Hackett, the invaders reached the twenty yard line of the localities. Here Graham faded back and heaved a straight flat pass to Wander but Zeffries intercepted it and started down the field. Three visiting players gave chase but the fleet-footed St. Ann's back waited for his interference to mow down the would-be tacklers and then ran until he was

dropped on the thirteen yard strip. Gallone added a few yards on a line play but on the following signal, Zeffries carried the oval off-tackle to score. He again missed the conversion.

Despite the fact that the team played a game Saturday and several players were suffering from minor injuries, the resident team played in excellent fashion and deserved plenty of credit.

The Alumni team was too big for the Bristol youths and scored in the first few minutes of the game. In the third session, Allen again scored, both times from the fifteen yard line. St. Ann's passed up opportunities to count in the first and third quarters.

### RECREATION ELEVEN STILL UNDEFEATED

(By Jack Orr)

The Bristol Recreation Club won its fourth consecutive triumph of the campaign at the expense of a strong Black Giant eleven of Frankford. The final returns read 7-0.

This triumph keeps the Rees in the unbeaten class. Four times they have taken the field and have turned in impressive victories each time out. Their opponents have yet to cross the Big Green's goal line.

Starting a drive late in the first period and concluding early in the second quarter, the Rees counted their eleventh touchdown of the season.

With "Gige" Dougherty and brother Joe bearing the brunt of the attack, the localites marched from midfield to the goal. The colored boys offered plenty of opposition but the power of the Rees drove them to a score.

Joe Dougherty finally took it over from the four-yard marker. Joe also added the conversion by his place kick with Hutchison holding the apple.

For the remainder of the fray the Bristol boys kept threatening the Giants' goal, but couldn't muster that final spurt to take them across that final white mark.

The first down score shows a bit of the superior play of the locals. The Big Green piled up seven first downs to the colored lads' one. They also had the edge in yards gained from scrimmage. The Bristolians piled up 123 while the Giants had 85.

One of the weak spots in the Rees' attack was the aerial attack. Eleven times they attempted to forward pass a gain and only one was successful. On the other hand the Black Giants attempted three passes and also completed one.

### BOXING BOUTS TO OPEN AT CROYDON WEDNESDAY

Amateur boxing will get its start in Croydon Wednesday evening, when the converted roller skating rink opens its doors, under the sponsorship of the Bucks County Rescue Squad, with a program of 10 bouts.

This new Arena has been remodeled throughout with seating capacity for 1200 people and a new ring and equipment for the comfort of the boxers.

Sammy Moffo, who has had a wide experience, both as a boxer and matchmaker, will have charge of the matches, while Francis "Gunner" Corrigan, well-known local athlete, will act as announcer and publicity man.

Mr. Moffo reports that the following local boys will be seen in action at the opening show: Joie Roe, fourth ward, 145 pounder; Joe Dougherty, Harrison lightweight; Jimmy Massilla, 3rd ward welter; Al Paris, a St. Ann's favorite; James Nocito, Eddie Currin, Nicky Bullets, Tommy Myers and others.

The Rescue Squad which plans running bouts weekly, will use the proceeds to finance its two community first aid stations, the headquarters at Croydon and the other station at Parkland.

John "Spud" Murphy, nationally known fight referee, the man who was in the ring with Jack Dempsey and Gene Tunney in their championship battle in Philadelphia a few years ago, will officiate in the final bout of the evening, according to "Gunner" Corrigan, who further stated that there are many choice seats despite the rush for the opening show.
